

Dear Michigan Adjusters Association,

I would formally like to thank you for taking the time to read over my application and award me with such a great honor. The money is greatly appreciated and will cover my books for the next semester. Usually buying books is something that is somewhat hard for me to do because most of the money comes out of my pocket. Now that I am awarded this money I won't have to think twice about paying for my own books out of my own pocket, it is greatly appreciated.

Thank you again for your time,

Cole Dehen
