Dear Mr. Fisher:

Thank you for your gift of \$500.00, supporting current Ferris State University student, David Mogg to receive the Mark Walldorff Scholarship. Supporting scholarships promotes an enhanced learning environment and a lasting avenue for students to access higher education.

The vision of our founder, Woodbridge N. Ferris, "Education for all the people all the time," remains a viable prospect for every student considering attending our institution because of the commitment of our faculty and staff, alumni and friends. This seems especially true in this case, considering your efforts to assist David with the pursuit of his automotive degree in memory of a Ferris alumnus and friend of your association, Mark Walldorff. I am grateful for your thoughtful concern for the future of our students and your understanding of the value of this degree in today's competitive job market.

Helping our students in tribute to Mark, is a real inspiration for all of us associated with Ferris. We appreciate your commitment to offering genuine opportunity to our students and look forward to an enduring partnership that continues to help change their lives.

Sincerely,

Jeremy Mishler
