Dear Mr. Fisher:

I am the latest recipient of the \$500 Mark Walldorff Scholarship. I am greatly honored to receive this award. To me, this proves that my hard work and dedication have paid off and don't go unnoticed.

I wanted to thank you from the bottom of my heart for this scholarship. This money will take some of the financial burden off my shoulders. It will help me achieve my ultimate goal of graduating college in high academic standing. It gives me more of a chance to focus on my academics instead of the money I need to support my education. I will continue to work hard to utilize the money I received and will continue to improve my academics and ethics. I hope to prove to you and my college that your choice was a good one.

I think I can speak for everyone who received this award that we are greatly appreciative and honored. Hopefully you will continue this scholarship for many years to come. I hope you realize how much this helps students. Thanks again.

Sincerely,

David Mogg
